

ISF-3 YOUNG

3 rd International Solar Fuels Conference

November 19-20th, 2019

JMS Aster Plaza, Hiroshima, JAPAN

Invited Lectures

Kazuhiko Maeda: Tokyo Institute of Technology, Japan

Long-Jiang Yu: Chinese Academy of Science, China

Sophia Haussener: Laboratory of Renewable Energy Science and Engineering, Switzerland

Xiaohong Liu: Chinese Academy of Science, China

Important Dates

Abstract Submission

September, 20th 2019

Early bird registration

September, 20th 2019

Registration Fee

Early bird: 5000 JPY

Regular: 10000 JPY

Call for Presentation

Students, Post-docs, and Young scientists can submit one...

◆ **Poster** presentation

or

◆ **Oral** presentation

Pre-conference of ISF-3 for Young Scientists

- ❑ Artificial photosynthesis including water-oxidation, H₂ production, and CO₂ reduction
- ❑ Molecular photocatalysts and semiconductor photocatalysts
- ❑ Light-harvesting and photochemical charge separation
- ❑ Mechanisms of natural photosynthesis
- ❑ Biofuels from photosynthesis and biomass energy
- ❑ Photobioreactors
- ❑ Photoelectrochemistry and photobiology

Organizing Committee

Akinobu Nakada (Chuo Univ.)
Keisuke Kawakami (Osaka City Univ.)
Cristina Tapia (Univ. Grenoble Alpes)
