

The Japan-Italy Bilateral Symposium on Artificial Photosynthesis Using Metal Complexes

Date: 2017/10/2 (Mon.) 10:00-18:00

Venue: Tokyo Institute of Technology W-8 Building 10F. Room 1001

Invited Speakers: Prof. Sebastiano Campagna (University of Messina)

Prof. Paola Ceroni (University of Bologna)

Prof. Takahiko Kojima (Tsukuba University)

Prof. Ho-Chol Chang (Cyuo University)

Prof. Masayuki Yagi (Niigata University)

Prof. Tohru Wada (Rikkyo University)

Prof. Hitoshi Ishida (Kitasato University)

Sponsored by the Grant-in-Aid for Scientific Research on Innovative Areas (2017~2022):

[Elucidation of the molecular mechanism of photosynthesis at high time and space resolution and development of artificial photosynthetic systems]
